

Domaine Gayrard, Loin de L'oeil

2023

Region

Gaillac, France

Grapes

Loin de l'Oeil

Tasting Notes

Subtle but fascinating: orchard fruit, gentle florals, and a slightly waxy, rounded texture with freshness underneath. Loin de l'Oeil is a historic Gaillac grape and stays pretty rare outside that region—great if you want something different without going extreme.

Food Pairings

Pair with roasted white fish, poultry in a light cream sauce, soft creamy cheeses, or grilled asparagus.
